Ottawa, ON

---

### | Summary

Junior Web Developer passionate about building responsive, accessible, and user-friendly web applications. Skilled in HTML, CSS, JavaScript, React, Vue and modern frontend tooling. Former firefighter bringing discipline, problem-solving, teamwork, and reliability into web development. Actively seeking a full-time web developer role where I can contribute to impactful projects, grow technically, and deliver polished, user-centered solutions.

---

### | Skills

- **Frontend:** HTML5, CSS3, JavaScript ES6, Typescript, React, Vue.js, TailwindCSS, SCSS/SASS, Responsive Design, WCAG Accessibility
- **Backend & Full-stack:** Node.js, Express.js, REST APIs, JSON, MongoDB, Firestore, SQL (basic), JWT Authentication, Cookies

---

### | Tools

- **Development Tools:** Git, GitHub, NPM, Vite, Postman, VS Code, Github Copilot, Google Gemini

---

### | Project Experience

- **Public Safety - Safety Information Platform (In Progress)**  
*React, JavaScript, REST APIs, MongoDB*
  - Designed and built front-end UI components
  - Managed UI backend data flow and iterated based on testing
- **AllMart - Interactive Search Interface**  
*JavaScript, HTML, CSS, REST APIs*
  - Built responsive search feature with real-time dynamic results
  - Added voice search using Web Speech API for accessibility
- **PokéHub - Data Driven Web Interface**  
*HTML, CSS, JavaScript, API Integration*
  - Developed UI features to display, filter, and manage structured API data
  - Practiced clean separation of logic and presentation for maintainable code

---

### | Relevant Experience

- **WordPress Client Website (Contributor) - Algonquin College**
  - Built responsive layouts and implemented content accuracy
  - Collaborated in Agile-style workflows

## | Professional Experience

- **Sales Associate - Dulux Paints, Ottawa, ON (May 2024–Present)**
    - Worked directly with clients to assess needs, explain solutions clearly, and deliver accurate results
    - Demonstrated strong attention to detail, teamwork, and accountability in a fast paced environment
  - **Firefighter - Jamaica Fire Brigade, Kingston, JA (Feb 2017 - Sep 2023)**
    - Operated in high-pressure environments requiring precision, coordination, and rapid decision making
